

## A Visit From David Lammy MP

We had a special visit last week from local MP for Tottenham David Lammy. While it was only a short visit and he was here for a little over an hour, we managed to show him a lot of the school. He started off with a tour around each classroom led by Mr Miller, giving all year groups a chance to meet him. He was also able to attend the coffee morning in the community hall and had a chat with the parents who were there. Finally he sat down with the school council who had prepared a presentation to explain their role in our school and discuss what they had achieved so far. They were also able to ask questions and advice on how to represent their classmates and what it means to be a leader. David's visit went very well and he is going to try to help the school by sourcing books to help build up our library.

### Ferry Lane Summer Fete

The Ferry Lane Summer Fete is nearly here! It's now only a week away on Saturday 8th July. As usual it will open at 11.00am and close at 3.30 in the afternoon.

The entrance fee is £1 for adults and 50p for children and senior citizens. Raffle tickets will also be available to buy at the entrance for £1 a strip. There will be lots of activities including a bouncy castle, face painting, a tombola, talent show, henna, and other games and competitions. As always there will be plenty of food and drink to enjoy! Dr Bike will also be on hand to check and fix bicycles free of charge, so if you've got one feel free to bring it in.

We would like to ask you to support the school's summer fete by cooking or baking a traditional dish from your country's cuisine. You can bring these on Saturday the 8th July when you come to the school. We will be very grateful if you can, as these dishes will be supporting the International Food stall and the Cake sale. Also if you have any items that are in good condition and you have no need of them anymore, you are very welcome to bring them to us to support the bric-a-brac stall.

#### Monday 3rd July:

INSET DAY  
School Closed

#### Tuesday 4th:

Stay and Play

## Sports Day

We had our annual sports day on Tuesday this week. The children were outside for the morning engaged in a range of different sporting activities. With their parents cheering them on, the children were competing against their classmates for the honour of their house group (red, blue, green and yellow). The weather held out for most of the morning, but unfortunately it did start to rain which cut off the last event and the parent and teacher race. As the rain brought the event to a close, the points were tallied up and it emerged that the red team were the victors! Congratulations to them and well done to all of the children for their effort in taking part!

## Partnership with Anthology

Anthology is the company leading construction and improvement works in Tottenham Hale and are developing new homes in the area. They are currently planning to start work on the area at the front of the Hale village site next to the station. As such they are looking to help the local community. They generously donated a large number of water bottles for our sports day and are also going to be present at our fete next weekend. We are hoping that this will be the start of a new partnership which will benefit the school.

## Parent's Evening

The final Parent's Evening for the school year is coming up soon. It will be held on Thursday 13th July. As in previous years the summer term is slightly different, and instead of booking slots with your child's class teacher, it will be a more informal open evening. You can drop into your child's classroom at any time between 4.00-6.00pm where you can speak to their teacher and have a look through some of their work.

## Year 3 Coding

Year 3 have been busy in Computing lessons this week, coding their own maze car games using Scratch software. With Scratch, you can program your own interactive stories, games, and animations — and share your creations with others in the online community. Scratch helps young people learn to think creatively, reason systematically, and work collaboratively. They've uploaded the games to the school Scratch account online, which you can find here: <https://scratch.mit.edu/users/ferrylane>. Do have a go at playing them at home!

**PLEASE REMEMBER:** On Thursday 20th July 2017 school will close early as this is the last day of term. Please make arrangements to pick up your children at 1.30pm on this day.
